COVID-19 CONTINGENCY PLAN

In case a physical attendance of the conference will not be feasible due to Covid-19, we will publish all accepted papers as stated above, and EuroXR 2021 will be held as a **virtual conference** that will allow all authors to deliver **remote presentations** of their work.

In case the **physical conference** is possible, we encourage **oral presentations** with physical presence at the conference venue.
However, if some of you are unable to attend the conference due to personal issues related to Covid-19 (individual medical reason or national regulatory restrictions clearly justified), but still wish to have your paper presented and published, we will offer **remote presentations** for your convenience.

For **virtual conference** and **remote presentations**, technical details as specific registrations fees will be provided in due time on the website of the conference.

For any further information, please consult the EuroXR 2021 website (https://www.euroxr-association.org/conference2021/).
